

Look what our customers are saying about RoofGuard

My roof did not leak but I could see the damage Hurricane Irma did, stripping the granules off my roof and the edges were starting to lift and curl. I did not have \$13,000 to install a new roof but RoofGuard has made my shingles adhere to each other and I feel confident RoofGuard has extended the life of my roof for at least another Five to Seven years. When you touch the roof, you can feel the RoofGuard is working as promised, I am delighted with the results.

Cape Coral, FL

I've had RoofGuard applied to my roof three times in the past 12 years and I am a definite believer in its protection. The last treatment to my roof was just this year and my 20-year-old roof still looks great. After a rain storm today, I really noticed the difference in the appearance of roofs in my neighborhood.

Mr. Floyd
Lake Worth, FL

We had RoofGuard installed on our 21-year-old roof in April, 2017. After hurricane Irma, most of our neighbors had roof damage and it cost them thousands of dollars to repair. Our roof still looks great, I recommend RoofGuard to all my neighbors.
